Cascade County

Located in central Montana, Cascade County is Montana's third most populous with 79,298 residents, according to the 2001 estimates produced by the U.S. Census Bureau.

Great Falls, the county seat, is the state's third largest city with a population of 56,690, according to the 2000 Census. National defense (Malmstrom Air Force Base) is the backbone of the city's economy. The city is also a major medical center.

According to the *Montana Almanac*, by authors Andrea Merrill and Judy Jacobson, the county was established in 1887 and both the county and Great Falls were named for the Great Falls of the Missouri River. Paris Gibson was the founder of the city, notes the authors, and the area was Blackfeet Indian territory when Lewis & Clark journeyed through from 1805 to 1806.

According to the U.S. Bureau of the Census, median income for Cascade County households in 1999 was \$32,971. The county is 2,673 square miles in area; 2,659 square miles in land area and 14 in inland water area.

County residents experience the four distinct seasons. According to the *Western Regional Climate Center* (airport readings), the average daily low in Great Falls in January between 1971 and 2000 was 11.3 degrees above zero. The average daily high in July was 82.0 degrees above. The average annual precipitation during the same period was 14.89 inches. The growing season was from May 13 to Sept. 23 (last and first frost).

PLEASE NOTE: Because of time and budget constraints, we are only able to update our county fliers periodically. Individual tables are updated on a more frequent basis. You can call us if you'd like the most current information for a particular county. The Annual Averages for County Employment By Industry are updated annually, usually in June. The Top Employers are updated annually. Per Capita Income statewide is usually released late spring. Population data for Montana is released in late December and county data in March. The Annual Average Labor Force information is benchmarked annually and numbers available before March. The other tables contain Census information and will be updated every 10 years. You can also look for more current information on our website listed on the front of this publication.
